Ethical standards for the ADCAIJ journal

Upon submitting original contributions to the ADCAIJ journal, the authors agree to accept the standard procedures for the scientific community: contributions will be original in nature, neither published nor under consideration by other journals. Likewise, any original material sent to ADCAIJ will not be sent to other publications until our journal has completed its evaluation process.

The authors will adhere to international copyright standards for written, graphic and other materials included in their writings sent to ADCAIJ for publication. For their part, the editors, the editorial staff, and journal reviewers will ensure that the integrity of the research is upheld, an effort that corresponds first and foremost to the authors. Consequently, authors will be asked to continue avoiding the practice of plagiarism and self-plagiarism.

The Corresponding Author signs for and accepts responsibility for releasing this material on behalf of any and all Co-Authors.
